LAWN SPRINKLER PERMIT REQUIREMENTS AND REGULATIONS

Permit Submittal Requirements:

- Two copies of plot plan showing existing structures and proposed location of all sprinkler heads on the property
- A detailed zoning schedule listing the gallons per minute in each zone
- GPM per meter size: 1/2" - 7 GPM, 3/4" - 9 GPM, 1" - 15 GPM, 1 1/2" - 30 GPM, 2" - 48 GPM
- A detail of RPZ connection, including specification diagram sheet
- Completed plumbing permit application signed by licensed plumber

NOTE: PERMIT REVIEW TIME IS APPROXIMATELY 1 WEEK

Contractor Requirements:

- Annual Business Licensing fee for a Lawn Sprinkler contractor is \$99.00,
- Lawn Sprinkling Permit is \$30.00
- Copy of City of Chicago or State of Illinois Plumbing License
- Contractors must have a current Certificate of Insurance listing the Village of Oak Lawn, 9446 South Raymond Avenue, Oak Lawn, IL 60453-2449 as certificate holder. Minimum insurance coverage required: General Liability \$500,000.

RPZ Testing Requirements:

Illinois Pollution Control Board Regulations (IPCB) require an active program of cross-connection control to prevent the contamination of all public water supply systems due to backflow of contaminants or pollutants through the potable water service connection.

The Village of Oak Lawn, in order to comply with the IPCB and the Environmental Protection Agency (IEPA), has adopted Ordinance No. 95-12-42 which not only provides for installation of a reduced pressure principle backflow preventer (RPZ VALVE) but also requires yearly testing and certification of such devices.

All RPZ Valves are required to be tested by a plumber who is licensed in the State of Illinois and certified in backflow inspection, testing, and repair. Annual inspections are required between the dates of April 1st to June 30th.

If you have any questions regarding the RPZ requirements, please contact Mike Mitchell/Carol Mercede, Oak Lawn Water Department (708) 499-7046
