

Dear Residents:

**Current forecast are predicting more Thunder Storms tonight and into Wednesday morning.** Please utilize today to make preparations.

1. **Check the Storm Drains** in front of your property, look to see if debris is blocking the drain. Remove leaves, branches, etc.
2. **Storm Debris from Basements and homes.** Please place debris curb side for pick up. When placing furniture and large items, make sure they do not block the Street or Storm Drains. If possible place Electronic waste in a separate pile.
3. **With more storms expected tonight and tomorrow, please avoid driving if at all possible during the storm.** This is extremely dangerous and also places responders at risk. Check travel info before heading out as roads may be under water.
4. Down Power Lines. If you see a down line, please call 911 to report the location. **Down lines can be extremely dangerous, DO NOT ATTEMPT TO MOVE THEM!**
5. Please avoid- playing, tubing, boating in flooded areas, the **Water can be deep and mixed with street debris.**
6. Keep your **pets in doors** during the storm.
7. Make sure you have **good batteries** in your flashlights and **weather radios**, insure your **cell phones are charged**. Watch/Listen to local Weather information.
