

OFFICIAL NOTICE WATER DIVISION

Water Main Flushing and **Hydrant Testing**

The Village of Oak Lawn Water Division has contracted M.E. Simpson to perform necessary and preventative maintenance of the distribution system to ensure proper operation.

Accumulated sediment in the water main and fire hydrants will be flushed during normal business hours

Monday through Friday from 8:00 a.m. until 3:00 p.m.

Beginning October 16 and ending November 21, 2014.

While flushing is underway short temporary periods of low pressure and discolored water can be expected, but DOES NOT present a health hazard.

To restore clarity to your tap water use a faucet with the aerator removed, or use a laundry sink faucet without an aerator, and flow the cold water until it clears.

M.E. Simpson will give notification by placing signs in the parkways of the areas they are working in.

Locations of system maintenance are:

103rd Street to 111th Street and Cicero Avenue West to Austin **1st Phase**

95th Street to 103rd Street and Pulaski Road West to Cicero **2nd Phase**

Any questions regarding this Flush Program may be directed to the Water Division at 708-499-7747.
