

Senior Citizens Council Meeting  
Minutes May14, 2015

Meeting opened 10:00 am all were present except Bernie.

We had a guest from School district Oak Lawn/Hometown 123 and Larry Fetchko Community Liaison Officer and Dr. Paul Enderie ( They are technically our landlord)

Also Brian Hanigan and Joanne Suczynaki from Oak Lawn Financial Dept.

Minutes were read by JoAnn approved with one correction. Council did not subsidize Zoo trip \$200.

The guest from school district basically talked about some things they do with elementary and jr. high students and thought maybe we could get some seniors involved in it. Brian and Joanne talked about ideas for our new center, answered questions and had some ideas to think about.

Larry handed out financial report copy for everyone.

Cathy had a graph of our attendance and it is slowly getting better. She had copy for everyone she also said surveys are coming back most positive. It was brought to our attention that some of our seniors would like to have some of our trips scheduled on Tuesdays in stead of always on Wednesdays. Cathy said she would try and do that in the future.

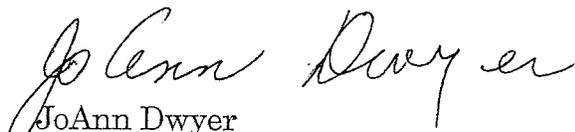

It was brought to our attention also that some of our members are unhappy with the bingo cards and wanted us to take a vote to decide if we should try sending them back or not the vote came up "No". We will try and be more careful with them and will see if we can replace the ones that are not useable.

Mary Brandt read a proposal that she is sending to the committee for the "Fall on the green" we had some questions that we needed answered, now we have to wait for a answer. We also talked about handing out something with our sheets of information with the address and phone number of our "Center" one was possibly a refrigerator magnet or an idea that Mary had has to be discussed later also discussed sign.

Box lunch will be May 28, at V.F.W. hall. 10:00 am hope they will be more cooperative with Cathy.

Next meeting June 11, O.L. Bank 10:00 am.

A motion was made by Larry to end meeting and was seconded at 11:30am
