

The Village of Oak Lawn

Green Electricity Aggregation Program

Electricity Supply Price

mc² Electricity Rate

The mc² rate is equal to ComEd's default tariff rate including the published Purchased Electricity Charges, Transmission Service Charges and Purchased Electricity Adjustment for each applicable month.

The term for the new program is for 12 months from January 2019 to January 2020.

where **energy** comes from

After evaluation of competitive bids, the Village of Oak Lawn has selected MC Squared Energy Services, LLC (mc²) to administer the Green Electricity Aggregation Program.

The selection of mc² ensures that the power supply cost for participating residential and small business customers will **not be greater than the ComEd basic service tariff rate**, while providing the Village with Wind Generated Renewable Energy Certificates equal to 50% of the historical usage of eligible participants.

This program will also position the Village to be designated as an **EPA Green Power Partner Community** at no increased cost for the residents.

For more information on the program visit:

<http://oaklawn-il.gov/>

What is electricity aggregation?

On August 10, 2009, Governor Quinn signed into law Public Act 096-0176, which allows municipalities to arrange for the provision of electricity to residential and small commercial retail customers by alternative electric suppliers (i.e. suppliers other than ComEd). Under this law, the municipality may seek bids for the provision of aggregate electricity supply services to their residents and small businesses.

Who is eligible to participate?

Eligible residential requirements: All residents located in the Village of Oak Lawn that are receiving electricity supply service from ComEd are eligible to participate.

Eligible business requirements: All small businesses located in the Village of Oak Lawn that are receiving electricity supply service from ComEd, with an annual usage 15,000 kWh or less, are eligible to participate.

Opt-In Eligible: All residents located in the Village of Oak Lawn that currently receive service under the following rates are eligible to Opt-In to the program.

- ComEd's Hourly Rate
- Retail Electric Service
- Net Metering Customers

Who is MC Squared Energy Services?

MC Squared Energy Services, LLC (mc²) is a Chicago based retail electric-

service provider certified by the Illinois Commerce Commission. Over the past ten years, mc² has served over 250,000 municipal aggregation customers across 70+ communities. mc² is a wholly owned subsidiary of Wolverine Holdings. For more information on the company, visit our website at www.mc2energyservices.com

What is the toll-free number for questions?

If you have any questions, you can call mc² toll-free at 1-866-439-6437, Monday through Friday, from 8 a.m. to 5 p.m., or email your questions to oaklawn@mc2energyservices.com

Go to <http://oaklawn-il.gov/> for detailed FAQ's and more information on the program

Is there an early termination fee?

No. You can choose to leave the program at any time without a fee or penalty.

How do I enroll?

Eligible residential or small business customers will receive a letter in the mail from the Village of Oak Lawn regarding the action required to participate in the program. There are two types of letters:

- 1) Opt-Out Letter – Customer will be enrolled automatically unless they choose to opt-out by following the instructions in the letter.
- 2) Opt-In Letter – Customer can logon to <https://www.mc2energyservices.com/special/> and enter the promo code “Oak Lawn” and follow the prompts OR call 1-866-439-6437 to enroll into the program.

What will change on my electricity bill if I'm enrolled?

You will continue to receive a single bill from ComEd on a monthly basis. “MC Squared Energy Services” will be designated as your supplier in the “Supply” section of your ComEd bill. ComEd will continue to bill you for distribution services and taxes. Payments should still be sent to ComEd at the address provided.

Will I receive notification of the change?

ComEd will mail you a confirmation letter indicating they have received notice of your switch to mc² as your electricity supplier.

What if I have already switched to another Supplier?

If you have already switched to another Alternative Retail Electricity Supplier (ARES), you can still opt in to the program (see above). Please note that you may also be subject to early termination fees or other restrictions by your current provider. You should check with your current provider to better understand any restrictions or policies that might apply.

Will my electricity service be disrupted when I switch?

No, there will be no disruption in service. You will continue to receive the same electric service through the same transmission and distribution system currently operated by ComEd. The switch to mc² is seamless. All service issues, including power outages, should be reported to ComEd at 1-800-334-7661.
