

ONE CALL FOR ALL RESOURCES:

708-361-0219

PLOWS Council on Aging is taking necessary steps during the COVID-19 outbreak to ensure the health and safety of our staff and everyone we serve.

We continue to provide services and we are available at 708-361-0219.

- To minimize health risk for clients, staff and the community, we are not conducting services in person and we are using alternate forms of contact such as phone and email.
- All events have been cancelled or postponed until further notice.
- Many people in the community are asking about ways to help older adults right now. If you are interested in volunteering, please contact Christine Suddreth at c.suddreth@plows.org

PLOWS Council on Aging continues to be committed to providing quality human services to the community, focusing on the health and wellness of the most vulnerable populations.

As we continue delivering services, we are ensuring that staff and volunteers follow all health advisories as directed through resources such as the Centers for Disease Control and Prevention, World Health Organization and the Illinois Department on Aging. And, we are maintaining ongoing communications with our community partners to ensure a collaborative approach to coordinated care.

We will continue to remain flexible and respond accordingly as the situation evolves and encourage you to visit our website at www.plows.org for more information.
